# Sales Partner Program

The Equicore Sales Partner Program is for self-motivated individuals within the equine industry who share our love of horses and the people around them. Be a part of a company that at its core is about creating positive impact within your industry. The Program is easy to start, allows you to make money at your own convenience, and requires no previous experience. As a commission based program our Sales Partner Program offers endless possibilities. To become a part of our team today, fill out the form on our [website](#) and our team will contact you to get started so you can start making money today.

## Benefits

1. **Easy to start:** Sign up as a user, fill out the form on the Equicore [website](#) and we will contact you and provide a link for you to distribute through which customers can sign up. Then for every paid user you'll receive \$2.
2. **Pre-existing sales leads:** Because Equicore is built for equestrians and the equine industry you already know a lot of potential users! Share it with the people you know that share your love of horses and watch your bank account grow.
3. **One step sale process:** When you sign up, we provide you with a link through which users can sign up. Share in text, email, on social media, or on your own website and any paid users that sign up through that link will generate commissions directly to you without you having to work the sale! Just share with a simple click. It's that easy.
